

# Outback Camping Adventure (5 Tage / 4 Nächte)

This five-day small group tour is your chance to meet the outback on your own terms. No set itinerary, no rushing around to pre-established timeframes – just you, your small group, and a well-versed local leader exploring the Red Centre at your own pace. Get to all the big name attractions – Uluru/Kata Tjuta, Kings Canyon, the West MacDonnell Ranges – and perhaps visit lesser-known sites like Trepahna Gorge, Owen Springs, Ruby Gap and the East MacDonnell Ranges.

## Reiseprogramm

### Day 1: Alice Springs to Uluru

Kick off your Australian Outback adventure in either Alice Springs or Yulara. Make tracks across the sunburnt plains to the captivating domes of Kata Tjuta. These massive red rock formations are believed to be 500 million years old. Continue to Australia's most iconic landmark, Uluru, arriving in time to witness a magical sunset then continue to your camp, where a hearty dinner awaits.

Wake early to catch an unforgettable Uluru sunrise, then get a closer look at this massive sandstone monolith on an unguided walk around its base. After your stroll, walk to the cave paintings near Mutitjulu Waterhole, where you will be met by an Anangu guide. Your guide will shed insight into the ancient rock etchings and the stories they tell, as well as the traditions of the land's Traditional Owners. Next, visit the nearby Cultural Centre to browse its extensive collection of Aboriginal arts and crafts. After a local lunch, set off on a three-hour drive to your exclusive campsite within Watarrka National Park (Kings Canyon). Get acquainted with your surroundings, enjoy an on-site dinner and settle in for the night.

Discover its Amphitheatre, Lost City, North and South Walls and the surprisingly lush Garden of Eden, which owes its cycads and plant life to a permanent waterhole down in the canyon. After lunch, there's time to relax for a bit before heading along an iconic Red Centre dirt track to the Western MacDonnell Ranges.

Keep your eyes peeled for wallabies while admiring the colourful, sweeping walls surrounding its waterhole. Continue to Ellery Creek Big Hole, a popular spot for a refreshing dip. This is the home of the Arrernte people, the Traditional Owners of the land. Learn about their caterpillar dreamtime story on a short walk to Emily Gap, an important spiritual site to the Arrernte containing galleries of ancient rock paintings. Drive to Trephma Gorge, where you'll set off on a one-hour guided walk to see its quartzite cliffs and rich birdlife. Afterwards, it's time for lunch; grab a bite at the historical Ross River Homestead before continuing to the 'Ghost Town' of Arltunga where you'll learn about the mistaken gemstone that lead to a mining rush here in 1887, and also precipitated its abandonment. After exploring the best of the Eastern MacDonnell Ranges, it's on to Alice Springs where your Outback adventure ends upon arrival in the late afternoon.
