

Kangaroo Island Investigator – 3 Tage / 2 Nächte (2026 – 2027)

Kangaroo Island: Kangaroo Island ist der beste Ort in ganz Australien, um einheimische Tiere in ihrer natürlichen Umgebung zu sehen wie Kangaroos, Seelöwen, Schnabeltiere, Emus, Seehunde, Pinguine, Wallabies und Koalas! Das Naturparadies ist durch die Backstairs Passage von der Fleurieu Peninsula getrennt und liegt etwa 110 km südwestlich von Adelaide. Die Insel hat ein mildes Seeklima. Mit 150 km Länge, 40-60 km Breite und 4350 km² Fläche ist Kangaroo Island Australiens drittgrößte Insel nach Tasmanien und Melville Island bei Darwin.

Unser Partner vor Ort: Exceptional Kangaroo Island ist ein Familienunternehmen. Die meisten Fahrer/Führer sind Einheimische, welche es schätzen, ihr Naturparadies den Besuchern näher zu bringen. Das Unternehmen bietet einen hervorragenden persönlichen Service. Der Zubereitung der Mahlzeiten wird besondere Beachtung geschenkt: Unser Tipp: Erleben und entdecken Sie Kangaroo Island mit erfahrenen einheimischen Farmern, welche auch während den Touren dem recht intakten Ökosystem Sorge tragen!

DAY 1 – Island Life

Begin your three day tour of Kangaroo Island with our Island Life itinerary.

Welcome to Island life – where things take time, drivers wave as they go by – or even stop for a chat.

Have a cuppa with some home-made treats before taking a walk down a country track through tall Eucalyptus trees where koalas snooze overhead or wake briefly for a feed. Listen for the sounds of the bush – brightly coloured honeyeaters and brilliant parrots, cicadas or perhaps just the sound of silence.

Travel through the Island's most productive country to the north coast. Walk through the bush with your guide – through strangely shaped trees learning what makes that noise, whose tracks are those, and who left THAT little pile there? Look for small wallabies almost extinct on the mainland, a kangaroo found only on Kangaroo Island and a variety of other birds, plants and animals.

Break for lunch at a private bush camp and enjoy a delicious meal featuring King George whiting (local sea fish), fresh salads and fine South Australian wines.

At Seal Bay Conservation Park take a private tour with your guide among Australian sea-lions on a beautiful sandy beach – an experience similar to that of the Galapagos. Watch pups nursing or playing in the surf, see old bulls bearing the scars of territorial disputes and learn about their unique breeding biology.

DAY 2 – Flinders Chase Focus

Begin the day travelling through some of the fire-affected landscapes of Kangaroo Island, which are recovering quickly following generous winter rains.

Learn about fire ecology and how nature deals with fire. Some of our native flora species only flower following fire!

Travel into Flinders Chase National Park and explore the massive shapes of Remarkable Rocks, a natural sculpture perched impossibly on top a granite dome plunging into the ocean

Break for an elegant picnic lunch in the bush, or if weather permits, on a spectacular clifftop. Lunch features marinated poached chicken, fresh salads, cheeses accompanied by local wine, beer, soft drinks and spring water.

Evidence of the power of the Southern Ocean swell continues at Admirals Arch – a coastal grotto which provides a haul out for a large colony of Long-nosed fur seals which swim effortlessly through crashing waves.

DAY 3 – Fine Flavours

Our first stop takes us to Clifford's Honey Farm, specialising in honey production from Kangaroo Island's Ligurian Bee since 1973. Gain insights into honey production and indulge in a tasting of various honey varieties, including Jenny's famous Honey Ice Cream..

Next, we'll head to the coastal town of American River, which is home to the Kangaroo Island Oyster Farm Shop, known for its delicious Pacific Oysters. Depending on the season, we'll sample oysters in the shop or at a secluded picnic spot.

Enjoy an alfresco lunch featuring smoked meats, fresh salad, and a selection of local beer and wines.

After lunch, we'll venture inland, passing by Fryar's Kangaroo Island Free Range Eggs. Learn about their fascinating egg farm, where hens roam freely under the watchful eyes of Maremma guardian dogs.

Next stop is Kangaroo Island Olives, where father and son duo, Michael and Dom, cultivate olives from a grove of 5000 trees. We have special access to drive into the grove to enjoy a tailgate tasting featuring table olives and their delectable oils, reflecting the Mediterranean climate and South Australia's rich immigrant history.

Visit The Islander Estate Vineyards, one of Kangaroo Island's premium wineries, and sample a selection of their red and white varieties in the tasting room. Learn about the creative winemaking techniques used by owner and winemaker Jacques Lurton from Bordeaux, France.

Conclude the day with a tasting at Kangaroo Island Spirits, globally acclaimed for their award-winning gins and liqueurs, including recognitions in New York and London.

Inclusion

- Three days touring with a knowledgeable local guide
- Daily homemade traditional Australian cakes with a selection of hot beverages
- Daily elegant alfresco lunch set in the bush with a choice of local wines, beer, soft drinks and spring water
- Access to field guides, binoculars and maps
- All necessary National Parks admission fees

What to bring

- Hat and sunglasses
- Appropriate clothing for variable weather conditions
- Appropriate footwear for light walking
- Camera/phone to create and capture some great memories

3 Tage / 2 Nächte (ab / bis Kingscote (Kangaroo Island))

Englisch geführte Kleingruppentour mit max. 10 Reiset Teilnehmern

Unterkunft: Lodge oder Bed & Breakfast

Reisedaten

Täglich (exklusive Feiertage)

2026 - 2027
